MUBASHIR SALIM

Data Scientist

ABOUT ME

I am currently a master's student pursuing a degree in Data Science, where I am cultivating a deep understanding of the intricacies of data analysis and its applications. My academic journey has been diverse, with a solid foundation laid during my undergraduate years, where I earned a Bachelor's degree in Mathematics, Statistics, and Computer Science. My passion lies in the realm of stock analysis and prediction, where I enthusiastically explore the intersection of data science and finance. Beyond academics, I find joy in the game of cricket, which serves as both a recreational outlet and a source of valuable life lessons. Combining my analytical skills with a keen interest in financial markets, I aspire to contribute meaningfully to the field of data-driven insights and decision-making in the world of finance.
